From the CTE., Hyderabad, Lr.No.B.1/14897/2008, dated 10-8-2008 & 16-8-2008.

ORDER:-

In the references read above, the Commissioner of Technical Education, A.P., Hyderabad has stated that the present Intake ratio of Diploma to Engineer is 1:6 which is contrary to the ratio of 4:1 and this is causing concern to the industries in getting qualified technicians for employment. The lack of sufficient technical manpower is affecting their productivity to augment the supply of Technicians to industries, the Commissioner of Technical Education has submitted proposals to Government for starting of (4) new Government Polytechnics.

2. The Commissioner of Technical Education, A.P., Hyderabad has further stated that with a view to provide opportunities to Rural people to study Diploma courses and to augment the supply of more number of qualified technicians to industry, it is proposed to establish (4) new Government Polytechnics in Rural areas with courses with market demand and requested the Government to examine the proposal and to issue necessary orders for starting of (4) new Government Polytechnics from the academic year 2008-09.

3. Government, after careful examination have accepted the proposal of the Commissioner of Technical Education and accordingly hereby accord Administrative Sanction to start the following (4) new Government Polytechnics with the following courses & intake from Academic year 2008-09 :-

Sub: Structural Designs for Construction of Government Polytechnic college block-phase-III under NABARD-RIDF-XX in AP - Designs Approved for Seismic Zone-III with M20 grade of concrete - Approved - Communicated - Reg

- Ref: 1. Lr. No. K3/3754/2015 Dt. 13.10.2015 of the Commissioner of Technical Education, AP, Hyderabad.
2. T.O. Memo No even Dated 17.10.2015 & 26.10.2015.
3. Lr No 377/RIDF-XX/Polytechnic/DM/2015 Dated 29.10.2015 of the EE, APEWIDC, Kadapa.
4. Lr No AE/NABARD-RIDF XX/2015 Dated 05.11.2015 of the EE, APEWIDC, Chittoor.

The Commissioner of Technical Education, AP, Hyderabad has approved the plan pertaining to the work "Construction of Government Polytechnic college block - phase-III under NABARD-RIDF-XX in AP vide reference cited.

In the reference second cited, the Structural Drawings pertaining to "Construction of Government Polytechnic college block - phase-III under NABARD-RIDF-XX in AP" covered under Seismic Zone II & III are approved and communicated to all the Superintending Engineers and Executive Engineers.

Mean while, the Executive Engineers Kadapa and Chittoor have requested to communicate the structural drawings for the said work covered under seismic zone - III with M20 grade of concrete through the references third and fourth cited.

Accordingly, the structural designs are prepared considering the structure as G + 1 floor covered under the Seismic Zone-III with SBCs of 150 kN/Sqm, 200 kN/Sqm, 250 kN/Sqm duly adopting the M₂₀ grade of concrete & Fe 500 steel. The Structure and Structural elements are designed using Limit State Method considering the relevant IS codes. Since the Design Calculations alone do not produce Safe, Serviceable and durable structures, Suitable material, Quality Control, adequate detailing & Good Supervision are equally important to achieve the Target of intended life. Hence the Engineers are requested to take care during construction of buildings duly following the relevant IS Codes. The following drawings are approved and communicated here with for taking further necessary action.

S.no	Component	Drawing number
1	Footing Layout (SBC 150 KN/Sqm)	03/A/CE-APEWIDC/GPC-G+1/Z3/150/FL/M ₂₀
2	Footing Schedule (SBC 150 KN/Sqm)	03/B/CE-APEWIDC/GPC-G+1/Z3/150/FS/ M ₂₀

8	Column Schedule	06/B/CE-APEWIDC/GPC-G+1/Z3/CS/M ₂₀
9	Ductile Detail	07/CE-APEWIDC/GPC-G+1/Z3/DD

The Superintending Engineer, APEWIDC, Kadapa and the Executive Engineer, APEWIDC, Kadapa & Chittoor are requested to adopt the Drawings as per recommendations specified in the approved drawings. Further the Superintending Engineer / the Executive Engineers should ensure the approved SBC in each and every pit before laying base concrete. Any deviations found during the course of execution, same have to be brought to the notice of the Chief Engineer for clarification.

With reference to the subject cited above, I submit that, the following works are to be taken up for most requirement /dare necessity of the existing college building as mentioned here under.

1. Construction of Platforms for Physics Laboratory, Chemistry Laboratory, Heat Engine Laboratory, and Computer Laboratory, etc.
2. Construction of water storage Tanks in Five Bath rooms.
3. To provide 3 phase wiring for Laboratories (old and new blocks)
4. Parking stand in front of the building for scooter, cycles and cars etc.
5. Games courts in old and new building.
6. Construction of compound wall either brick wall or barbed wire fencing to avoid encroachment from others and also to safe guard property of the institution.
7. Laying of cement Road or B.T. Road for left over 500 meters approach road to the Govt. Polytechnic, Rajampeta to avoid inconvenience to the students and staff of this institution. Because nearly 0.75 K.M. Distance from polytechnic to main road. To the college campus, there is no public transportation facility is available. All are suffering about approach Road, as we are not having B.T. Road or cement Road to the polytechnic since its inception.

Hence, I request you to kindly furnish estimates for 6th and 7th points as I have to submit the same to Commissioner of Technical Education immediately for Budget Sanction during this financial year 2016-17 under civil works.

In this connection, I, therefore request you to kindly take necessary action from point 1st to 5th and in order to provide of above all facilities immediately for the sake of students of this institution.

Thanking you sir,

Yours faithfully,

Respected Sir,

Sub: Technical Education – Establishment – Government Polytechnic, Rajampeta – Submission of "Detailed Report on land availability for SDC".

Ref: Ctr.Memo No.H/SDC/2020 dt.26.02.2020 of the Commissioner of Technical Education, A.P., Vijayawada.

At the outset, I am very grateful to the Commissioner of Technical Education, AP., Vijayawada, for choosing Government Polytechnic, Rajampeta as one of the Skill Development Center among other 30 Skill Development Centers.

Government Polytechnic, Rajampeta is located in an extent of 10.08 acres and consists of three blocks A, B and C of 13382.5 sq.m. Our institute is situated at just a distance of 0.5km from National Highway, 0.5km from State Highway and 10km away from Rajampeta Railway Station. This institution, in addition to the present two branches of Civil and Mechanical, can further accommodate seven more classrooms, seven laboratories, three staffrooms, two seminars halls and two toilets for boys and girls, if required, for immediate occupancy for running classes for SDC. All the above rooms are fully equipped with all necessary electrical fittings of 3 Phase connection with UPS facility to all blocks. Internet connectivity to all these three A, B and C block already exists for immediate usage. There are 100 computers in our college presently in good working condition. Until the completion of permanent buildings for SDC in the premises of Government Polytechnic, classwork can be conveniently conducted in these classrooms, laboratories and seminar halls. There are presently three borewells in the Polytechnic, which have groundwater levels in abundance to meet the demand of drinking water for students and the borewells are dependable for supply of water for construction of permanent buildings for SDC.

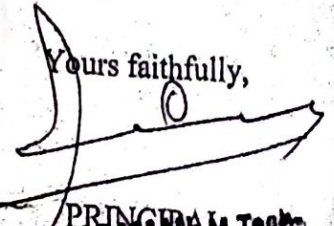

There are many private hostels near to this institution which can provide accommodation for students aspiring for admission in various courses of SDC. There are many constructional works going on regularly in Rajampeta town. Since, labour and material are available locally, construction of SDC building can be started immediately without any delay.

There is lot of potential for employment for locals of Rajampeta, if admission for SDC is done immediately as nearby our college Thermal power plant (RTPP, Muddanur), Electronics/IT HUB Renigunta and Cement Industries near Kadapa are recruiting diploma holders directly.

I am herewith submitting the "Detailed report on land availability for SDC" for your consideration and for further necessary instructions in this regard.

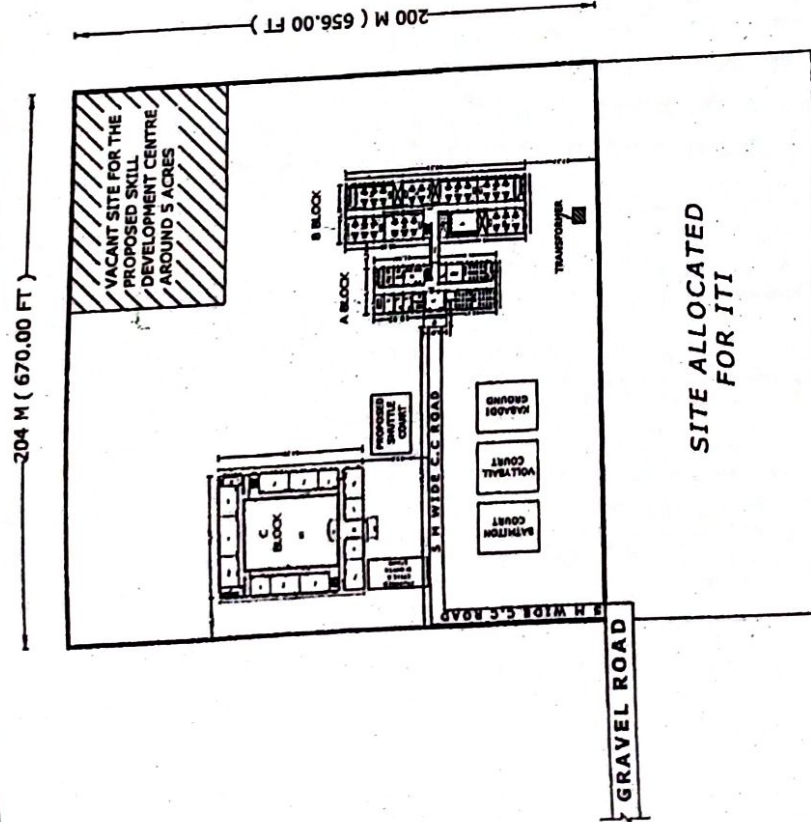

Thanking you Sir,

Yours faithfully,
